

Educational Bursary

The Irish Association Cardiovascular Rehabilitation (IACR) invites applications annually from its membership to avail of an Educational Bursary.

This initiative is to support members to attend a conference/ seminar or conduct a research project of their choice associated with Cardiovascular Rehabilitation.

The aim of the Educational Bursary is to promote members experience of relevant conferences and to evaluate the benefit. This is a tremendous opportunity for members to avail of the expertise and advanced research from fellow International and National Health Professionals working within cardiovascular rehabilitation.

Categories:

National Conference: €100	3 per calendar year
International Conference: €500	1 per calendar year

Deadline for application for educational bursaries this year: 31st December 2019

Eligibility for application and Requirements include:

Applicants must be currently working in the cardiovascular rehabilitation arena.

Applicants are required to provide a short summary of their professional experience in the cardiovascular rehabilitation arena.

Applicants must submit a short account on the reason why they consider that their conference of choice will enhance their professional development.

Submit evidence of membership of IACR for the current year.

Applicants will be required to provide summary identifying 3-4 key topics/themes from the conference for the IACR newsletter and if requested, to present at one of our meetings.

Forward applications with the above documentation to:

Irish Association of Cardiac Rehabilitation
